Christine A. Daley, Columbia, Illinois*

**Assignee:** *Reliv International, Inc., Chesterfield, Missouri*  
**Dietary Supplement for Nutritionally Promoting  
Healthy Joint Function.**

**FIELD OF INVENTION**

*The present invention involves a dietary supplement for nutritionally promoting healthy joint function in human subjects. The supplement includes as a major ingredient a protein derived from the enzymatic hydrolysis of collagen in combination with lesser proportions of glucosamine sulfate, ginkgo biloba, borage oil powder, turmeric, boswellia serrata, ashwagandha, piper nigrum extract and a herbal blend.*

**The Director of the U.S. Patent and Trademark Office**  
*Has received an application for a patent for a new and useful invention. The title and description of the invention are enclosed. The requirements of law have been complied with, and it has been determined that a patent on the invention shall be granted under the law.*

*Therefore, this*

**United States Patent**

*Grants to the person(s) having title to this patent the right to exclude others from making, using, offering for sale, or selling the invention throughout the United States of America or importing the invention into the United States of America for the term set forth below, subject to the payment of maintenance fees as provided by law.*
